▶ ■ TOYO RUBBER CHEMICAL PRODUCTS (THAILAND) LIMITED

▶ TOYO TIRE NORTH AMERICA OE SALES LLC

▶ Sales Company
■ Production Base

Toyo Tires is fortifying our development, production and sales infrastructure as we aim to expand strategic businesses in growth markets.

In our Automotive Parts business, to divest a major part of our Chemical Industrial Products business and Rigid Polyurethane Foam business end of 2017, we will hereafter focus on our Automotive Parts business in order to strengthen the momentum of its operations. In order to optimally supply car makers with anti-vibration rubber for automobiles, we have established production plants in three countries in North America and elsewhere in addition to three plants in Japan to meet our customers' needs. With the car market continuing to grow in Asia, from 2013 we began sales of anti-vibration rubber for automobiles in Thailand, and will also began sales from 2014 in Mexico.
