Automotive Parts Business

Toyo Tires is fortifying our development, production and sales infrastructure as we aim to expand strategic businesses in growth markets.

A range of products utilizing our vibration control technology helps enhance stable maneuverability and reduce noise for automobiles. We are striving to establish a solid position as a supplier by promptly proposing products that match the needs of car manufacturers. Moreover, given that automobile production sites are located throughout the world, we are focusing efforts on realizing an optimal supply network by establishing a production structure centered on Japan, the US, and China.
